

# Bert STEGKEMPER

MANAGING PARTNER

AXCEL Partners Germany

Bert STEGKEMPER started his industrial career in Lufthansa where he served for a decade as a System Engineer, then Program Manager before joining Airbus Group. There he headed the Delivery Centre for 5 years before leading the EADS Post Merger Integration. He joined Airbus Helicopters and served in its Executive Committee as Head of the Global Supply Chain (COO) for the whole company. Bert finalized his industrial career in Alstom (Rail) leading the Sourcing, Quality and Continuous Improvement directorate.

Since 2014, Bert has performed a number of consulting and management assignments as a Partner of ACA and held Board memberships.

Heading large international teams and working in France for about 16 years, Bert accumulated large international and intercultural experiences.

Bert holds a degree in Mechanical Engineering from the Technical University of Braunschweig.
