

Antoine SAUCIER

PARTNER

AXCELPartnersFrance

Antoine has a 30 year track record in the Automotive and Mobility sector industry with a blend of technical and commercial expertise in a fully international context.

He has held technical and commercial managing positions at Stellantis, Valeo, Hutchinson. He spent 15 years at TomTom, from the Automotive business unit start up phase up to managing a 350M€ business and a multi billion € orderbook ; transforming in-car GPS navigation from an exclusive and expensive option to an affordable and widely used solution. Antoine has set up and managed global teams serving customers in EMEA, US, Latam, Japan, China, India and Korea.

More recently he put his entrepreneur mindset into practice in a deeptech startup.

Antoine holds a PhD in Mechanical Engineering from Ecole Normale Supérieure de Cachan
